The 1966 Nuhosca

New Hope High School, Goldsboro, North Carolina

## *Dedication*

To one who has long deserved the honor, we humbly dedicate this yearbook.

This dedication is but a small token of our heartfelt thanks, especially from the seniors who have profited so much through your guidance. We will long remember your devotion in giving so generously of your time to give us the help we so desperately needed.

# Student Life

The first ten minutes of every day is spent checking the roll and absentee slips. Here we see Mr. Smith performing these morning chores.

Hurry, Hurry, Hurry.  
Rush, Rush, Rush.  
Work, Work, Work.

Where the action is!

Miss Kornegay is explaining some career fields that Garland is interested in.

This is our physical fitness program! Here we build character.

Remember students. You must have four units of English to graduate.

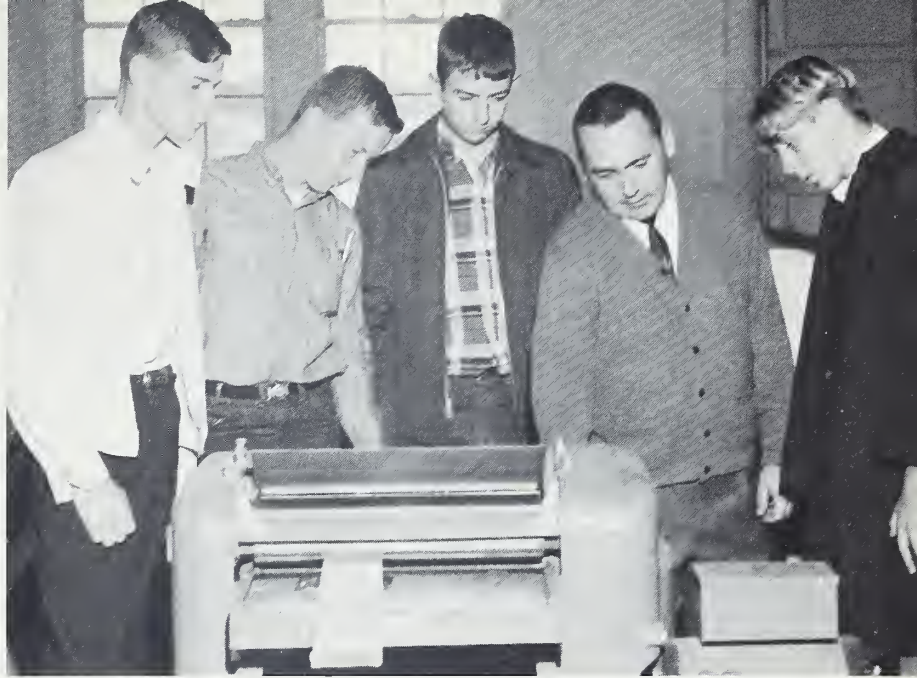

Everyone watches intensely as past history flashes across the screen.

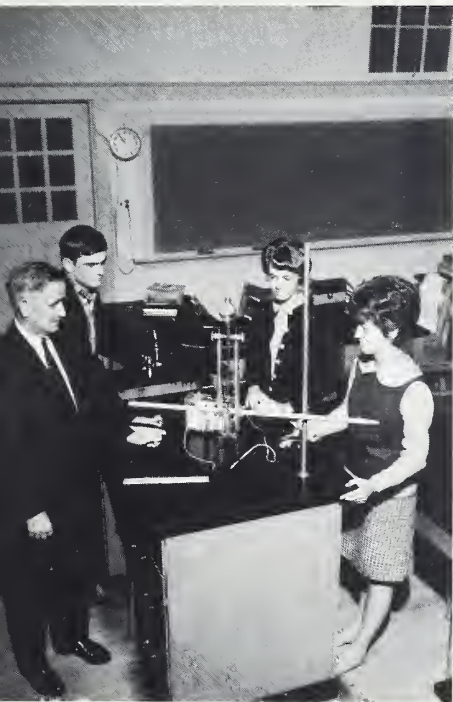

Not only do the French students study the language but they also learn to appreciate French culture.

Mr. Nethercutt is pleased with the attentiveness of his students as he explains the operation of a machine in Electricity.

These are our future scientists???

Tell me what you don't understand about this problem! Ask me a question!

The discussion of case problems in Business Law is a very effective learning device.

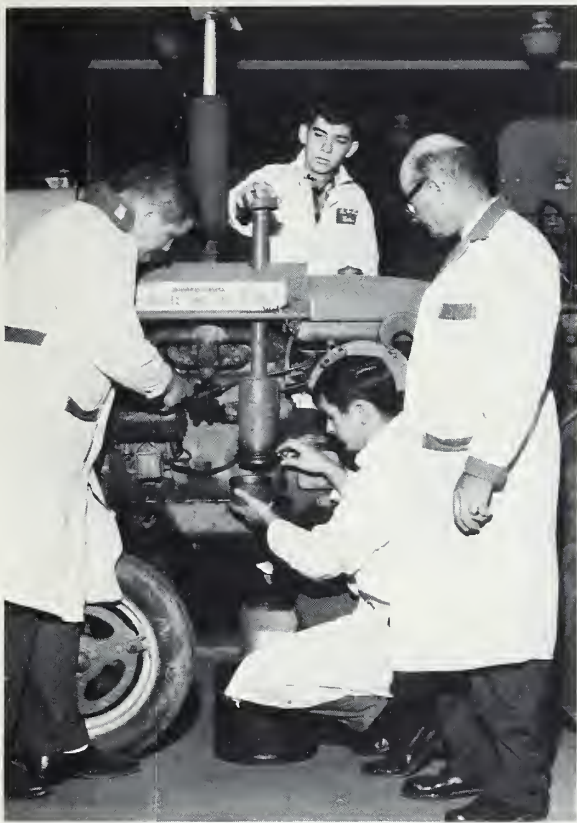

asdf jkl;  
asdf hjkl - "oops"

The first four periods of the day really work up the students' appetite.

Gary, Pete, and Boyce repair the tractor under Mr. Kneeshaw's supervision.

"One good mother is worth a hundred schoolmasters."  
-Herbert-

Mr. Nethercutt, our Horticulture teacher, watches to see if Gary, Ronnie, Pete, and David trim the shrubs properly.

Students! The kidneys are located here.

Four more days 'til Friday.
